the destiny of doris a travel story of three continents "Destiny of the Republic" covers a part of both presidential and medical history that is rarely told, and never in a single book written in such a compelling, accessible style. The author weaves a number of apparently unrelated storylines together seamlessly, much like "Devil in the White City," and with equally thrilling results.

the destiny of doris a travel story of three continents The Destiny of Me belongs to the tradition of late 20th Century queer New York art immersed in psychoanalysis (as is the main character, a stand-in for Kramer himself) - it all reads a bit on the nose in retrospect. Freud is a bit hard to make not sound cliché at this point.
