the determinants of entrepreneurship Despite the mainstream entrepreneurship research has largely overlooked the agricultural sector (Fitz-koch et al., 2017), in the last years this scenario seems to change. In the sample of 162 articles on agricultural entrepreneurship, the number of articles published between 2013 and 2017 is always higher than 30 articles per year (). In 2017, 35 articles were published, the year with the ...

the determinants of entrepreneurship Economic growth is the increase in the inflation-adjusted market value of the goods and services produced by an economy over time. It is conventionally measured as the percent rate of increase in real gross domestic product, or real GDP.. Growth is usually calculated in real terms - i.e., inflation-adjusted terms - to eliminate the distorting effect of inflation on the price of goods produced.
