the detox dictionary pdf

the detox dictionary Detoxification or detoxication (detox for short) is the physiological or medicinal removal of toxic substances from a living organism, including the human body, which is mainly carried out by the liver. Additionally, it can refer to the period of withdrawal during which an organism returns to homeostasis after long-term use of an addictive substance. In medicine, detoxification can be achieved ...

Detoxification - Wikipedia

the detox dictionary Detoxification (often shortened to detox and sometimes called body cleansing) is a type of alternative medicine treatment which aims to rid the body of unspecified "toxins" — substances that proponents claim have accumulated in the body and have undesirable short-term or long-term effects on individual health. Activities commonly associated with detoxification include dieting, fasting ...

the detox dictionary Trying to find the healthiest cooking oil can be a daunting task. One one hand, you want to cook with an oil that has a high flash (smoke) point, but you also need to use a cooking oil that has a healthy balance of Omega 3 to Omega 6 fatty acids--and even better if the oil is loaded with antioxidants and vitamins!
