the development and chronology of chaucers works scholars choice edition The chronology of the Bible is an elaborate system of lifespans, "generations," and other means by which the passage of events is measured, beginning with Creation and extending through other significant events. A widespread scholarly understanding is that the Bible marks out a world cycle of 4,000 years, beginning with Creation and ending, presumably, around 164 BCE, with the year AM 2666 for ...
